SKILLS

Languages	C++, JavaScript
Tech Stack	HTML, CSS, Mongo DB, Express, React.js, Node.js
Technical Skills	Full Stack Web Development
Tools/Platforms	Git, GitHub, Wix, Microsoft Excel
Cloud & APIs	Cloud Fundamentals, REST API Integration
Soft Skills	Team player, Adaptability, Leadership, Time Management, Creativity

PROJECTS

FarmEasy: Farmer-Centric Digital Marketplace | Live   Oct 2025 - Dec 2025
- Developed a responsive farmer-centric digital marketplace enabling transparent produce listing and sales.
- Engineered real-time price bidding system and comparison filters, maximizing farmer profitability.
- Incorporated secure authentication, session management, and seamless digital payments for direct bank transfers.
  Tech Stack: React.js, JavaScript, Node.js, GSAP, Tailwind CSS

Yoga & Meditation Planner | Web-Based Wellness Planner–Full Stack Development | Link   Aug 2025 - Oct 2025
- Built a responsive web application that allows users to plan daily yoga and meditation routines, track habits, and organize wellness activities, enhancing personal health management..
- Integrated user input forms and scheduling features to create customizable daily routines with time slots, activity descriptions, and reminders, improving routine consistency and accountability.
- Designed a clean and intuitive user interface with dynamic updates and real-time feedback, enabling seamless interaction and enhanced user engagement.
  Tech Stack: React.js, JavaScript, Node.js, Tailwind CSS, Mongo DB

Gyan Uday| A Project Showcasing Platform – Frontend and Backend Development | GitHub   Feb 2025 – Apr 2025
- Created a responsive web platform enabling creators to upload and showcase live projects with descriptions, tech stacks, and media previews, improving project visibility.
- Implemented a secure upload and management system using PHP, allowing users to add, edit, and organize project entries, with optimized server-side handling.
- Executed personalized creator dashboards with real-time project statistics — such as views, likes, and engagement trends — improving user retention through data driven insights.
  Tech Stack: HTML, CSS, JavaScript, PHP, MySQL, Apache/XAMPP, AJAX, and Bootstrap

TRAINING

Competitive Programming | Certificate   Jun 2025 – Jul 2025
- Completed an intensive 2-month Competitive Programming training at Lovely Professional University, focusing on advanced Data Structures and Algorithms.
- Solved 250+ algorithmic problems and strengthened proficiency in optimized problem-solving techniques.

CERTIFICATE

Introduction to Digital Marketing	| Infosys	Aug 2025
Cloud Computing	| NPTEL	May 2025
Mastering Generative AI and ChatGPT	| GeeksForGeeks	Apr 2025
Introduction to Hardware and Operating System	| IBM	Sept 2024

ACHIEVEMENTS

Coding Enthusiast   Aug 2024 – Present
- Solved 400+ LeetCode and 400+ GFG problems, with consistent practice, enhancing logic building, algorithmic problem solving, and DSA mastery.

EDUCATION

- **Bachelors of Technology – Computer Science and Engineering: CGPA- 7.9**   Aug 2023 – Present
  Lovely Professional University   Phagwara, Punjab

- **Intermediate: Percentage – 80%**   Apr 2021 – Mar 2023
  Birla Shishu Vihar   Pilani, Rajasthan

- **Matriculation: Percentage – 81%**   Apr 2020 – Mar 2021
  Birla Shishu Vihar   Pilani,Rajasthan
